CAUSE NO. 72646

MOTION FOR CONTINUANCE

COMES NOW Respondent Cory Dean Farley and requests a continuance of the hearing currently scheduled for Friday, April 24, 2026, pursuant to Rule 1.09. Respondent request that the hearing be continued for three weeks from April 24, 2026 to May 15, 2026, or the next hearing date scheduled after that date. Respondent respectfully requests a continuance because Respondent's daughter has been unexpectedly hospitalized, her spouse is out of state, and Respondent must provide necessary care for four minor grandchildren, which will prevent adequate preparation for and likely attendance at the scheduled hearing. Respondent acknowledges that under the applicable BODA rules, motions for continuance are ordinarily required to be filed at least ten (10) days before the hearing, which would have been April 14, 2026 in this matter; however, this request is necessitated by unforeseen and uncontrollable circumstances arising from a sudden family medical emergency. This is the first extension requested in the present case.

Respondent has conferred with Mr. Huntpalmer, assistant disciplinary counsel, and Mr. Huntpalmer is unopposed to the continuance.

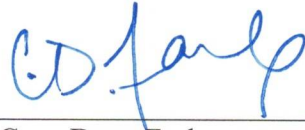

DATED: April 15, 2026

Respectfully submitted,
